

Brand Guidelines.

Issue #1 | October 2021

This document contains competitive corporate information that must not be copied or distributed.

Applying the brand guidelines and fully committing to them, will ensure the cohesion, consistency and clarity necessary for brand awareness and recognition.

In order to achieve this, the layout of all communication material will have to be approved by Costa Global & Strategic Marketing. This will ensure that everyone is applying the brand's guidelines.

A new journey, with a new Costa, has begun.

1.1 LOGO DESIGN

Logo design

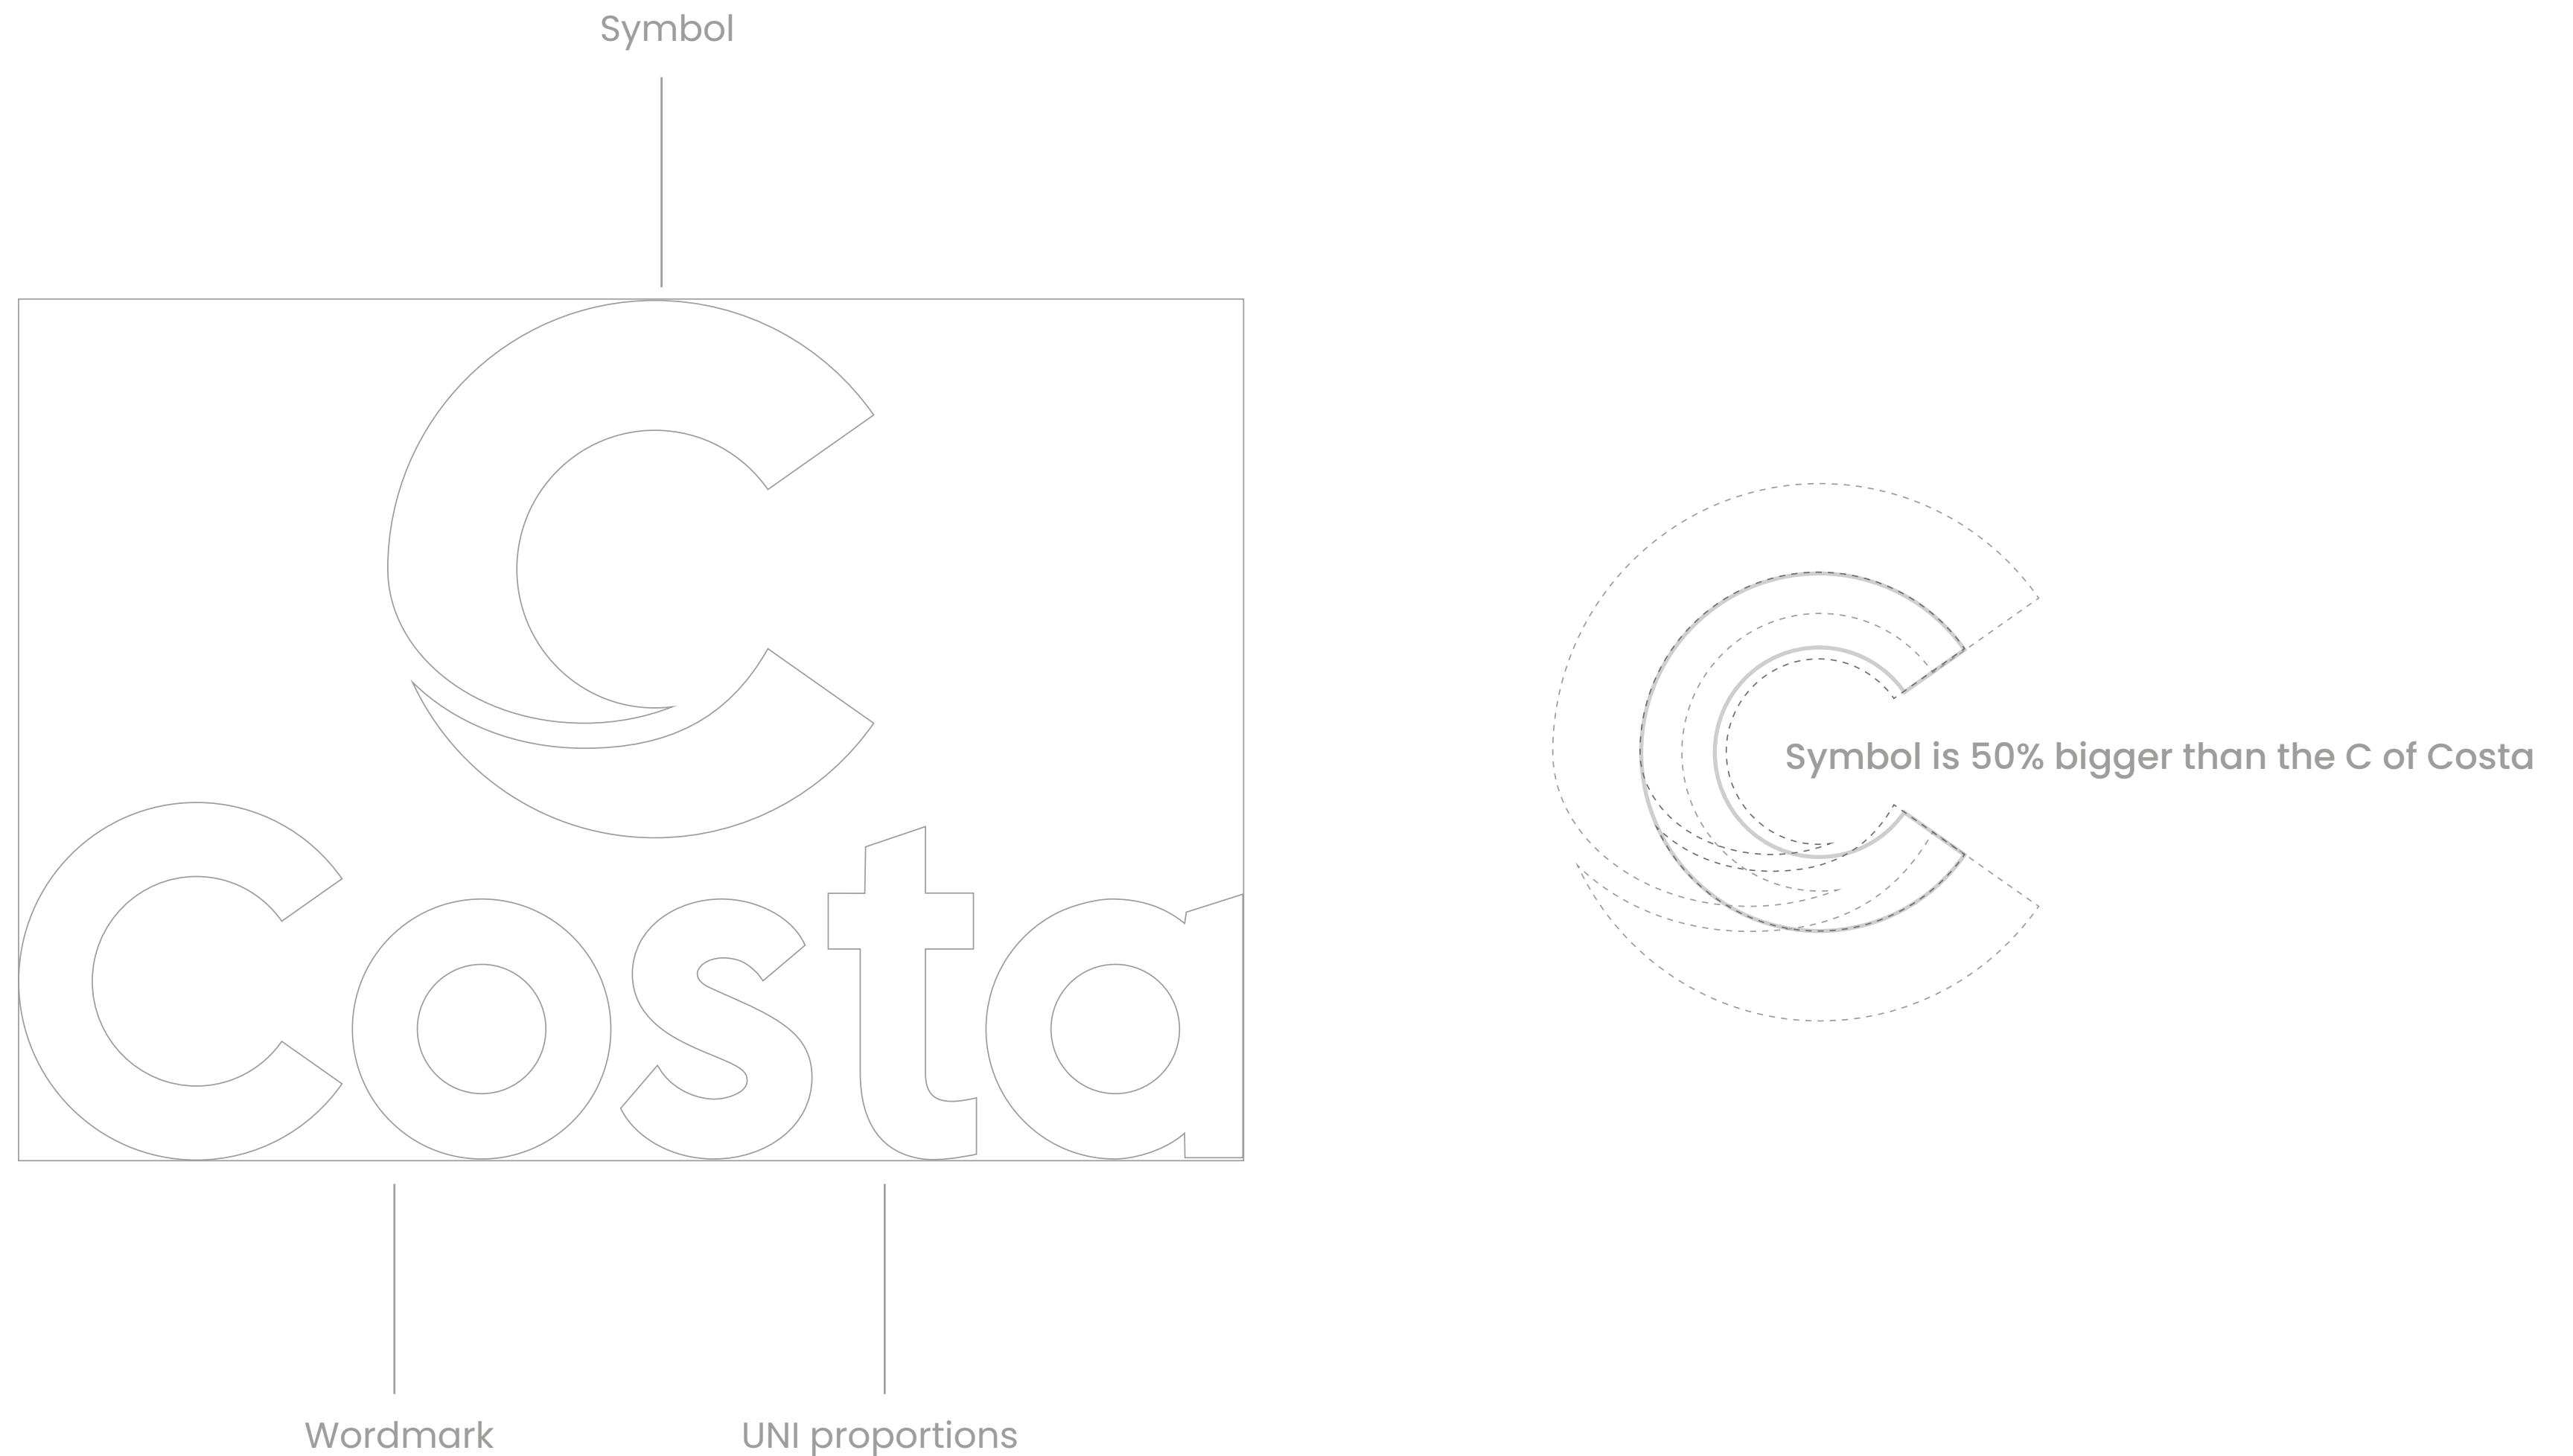

The new logo is made up of 2 closely related graphic elements:

THE SYMBOL

The shape comes from Costa's initial, "C", as used on every ship funnel in the fleet. An iconic element reinterpreted with a wave pattern on the base, to strengthen its proprietary value, and allow for the integration of both brand colours.

THE WORDMARK

Redesigned on the basis of the new font type, it improves readability on all materials, whether online or offline, reflecting the new brand personality.

1. LOGO

1.2 CONSUMER LOGO

Costa Logo

The Costa logo is used for all communication intended for the consumer, both on, and off board.

The symbol and wordmark together represent the new Costa style, its new positioning, and work on the brand recognition transversally on each touchpoint, from the ships, to communication materials.

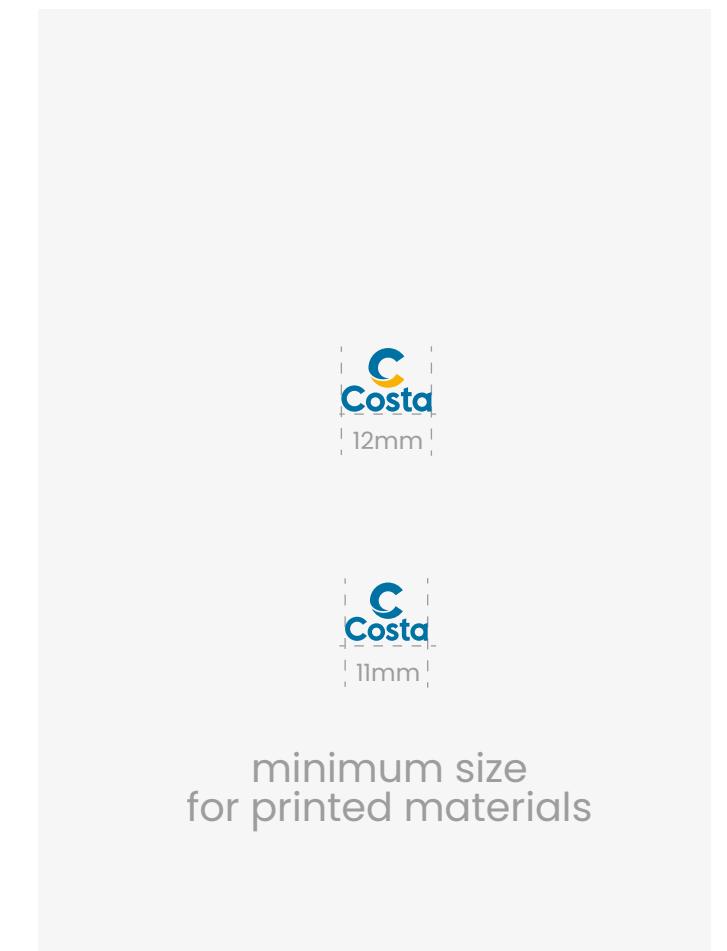

1. LOGO

1.2 CONSUMER LOGO

Protective area & minimum size

The "O" of the logo determines the dimensional module that identifies the safe area for the Costa logo. The dimensional rectangle of the brand logo follows the horizontal UNI proportions.

1. LOGO

1.2 CONSUMER LOGO

Positive | reverse out version

The Costa logo is to be used in positive or negative depending on the background color.

1. LOGO

1.2 CONSUMER LOGO

Color backgrounds

The Costa logo is used in its negative version with colored backgrounds, always ensuring maximum visibility.

1. LOGO

1.2 CONSUMER LOGO

Photographic backgrounds

The Costa logo is to be used in its positive or negative version depending on the type of photographic background.

1. LOGO

1.2 CONSUMER LOGO

Monochromatic logo

The Costa logo can be used in white or black, where it is not possible to print in colour.

The Costa logo can be monochromatic. The only possible color combinations are shown alongside, in the institutional yellow and blue colors.

The official monochromatic blue is to be used exclusively for the institutional logo, or only and exclusively in the case of technical restrictions of production of communication materials

1. LOGO

1.3 INSTITUTIONAL LOGO

Positive | reverse out version

The institutional Costa logo can be used in its negative or positive version depending on the background.

1. LOGO

1.3 INSTITUTIONAL LOGO

Color backgrounds

The monochromatic blue Costa logo can be used in its positive and negative versions, depending on the background in which it is positioned.

The institutional Costa logo can be used on all blue and yellow backgrounds derived from the main colors of the logo.

1. LOGO

1.3 INSTITUTIONAL LOGO

Photographic backgrounds

The institutional monochromatic logo can be used on photographic backgrounds in its positive or negative version, always ensuring maximum visibility.

4. COMMUNICATION TOOLS

4.1 TYPOGRAPHY STYLE

Title style symbols & punctuation

As with the yellow dot, the yellow font type can be used for all other punctuation marks.

The punctuation (apart from the dot, as seen previously), maintains the same dimension as the title's text.

title = 80 pt

4. COMMUNICATION TOOLS**4.1 TYPOGRAPHY STYLE****Yellow line rules**

A yellow line can be used to give character to a layout, creating a distinctive style. It begins at the end of the title and extends to the right, justifying with the corresponding body text. Its height is the same as the font type's underscore, its length must be justified to the body text. The yellow line can be used, in the same proportions indicated above, even vertically, to be placed beside titles and body texts.

The use of this editorial application is only allowed for Costa Cruises marketing projects.

4.1 TYPOGRAPHY STYLE

Examples

To create titles, headlines, super, and body text, use the typography style shown earlier, carefully balancing the use of uppercase, lowercase, and the proportion of the body text.

Opposite are some examples on how to apply.

The yellow vertical bar can be used as a separator, or as a way to join titles, texts, and numbers.

The yellow dot can be used as bullet points.

The use of this text style application is only allowed for Costa Cruises marketing projects.

NON VEDI L'ORA DI PARTIRE?

Ecco un veloce vademecum dei prossimi passi per la tua crociera

1 Quali sono le attività che posso prenotare sin da ora?

Vai su [www.mycosta.com*](#) per personalizzare ed arricchire da subito la tua vacanza: potrai farlo con escursioni, esperienze culinarie gourmet, ingressi spa, trattamenti, sorprese per compleanni e anniversari.

*Se mancano più di 72 ore alla tua partenza

2 Fai il check-in online e ricevi i documenti di imbarco.

La tua vacanza inizia con un check-in online: potrai accedervi a partire da 72 ore prima della partenza, sul sito [www.mycosta.com](#). Il check-in è personale, e include la compilazione di una autocertificazione sullo stato di salute. Riceverai così tutti i documenti di imbarco ed un orario dedicato per presentarti al terminal.

Per evitare assembramenti, ti raccomandiamo di essere puntuale.

3 Smart cruise: Porta il tuo smartphone sempre con te e preparati ad una vacanza digitale!

HAI SCARICATO LA COSTA APP?

Una volta in nave, potrai utilizzarla gratuitamente con la rete di bordo senza bisogno di acquistare un pacchetto internet. Durante la tua crociera, la Costa App ti permetterà di avere a portata di smartphone tutte le informazioni utili, tra cui il programma del giorno ("Oggi a bordo"), la prenotazione delle escursioni, la mappa digitale della nave e il conto con le tue spese in tempo reale.

Il tuo smartphone inoltre sarà lo strumento perfetto per consultare i menù e le brochure di bordo, tramite la semplice scansione dei QR code che troverai nelle diverse aree.

4 Preparati a partire:

RICORDA: TUTTE LE NUOVE ABITUDINI DI TERRA SARANNO VALIDE ANCHE A BORDO

- Porta la mascherina sempre con te e indossala al terminal, nelle aree pubbliche al chiuso e dove non è possibile rispettare il distanziamento sociale. Falla indossare anche ai bambini se hanno più di sei anni.
- Lavati spesso le mani oppure usa i dispenser di gel igienizzante che trovi nelle diverse aree della nave.
- Per il tuo comfort, ti suggeriamo di portare con te un flaconcino tascabile di gel da utilizzare, magari, durante la discesa a terra.
- Una chiara e semplice segnaletica ti guiderà al terminal ed in nave, insieme alle indicazioni del nostro personale.

4.2 VERTICAL BAR

Rules

The vertical bar is used to subdivide more information. Three different information proposed in an horizontal way are divided by 2 vertical bars.

If more information is present, the vertical bar will become horizontal and justified with the length of the text.

The vertical bar can be of the same color of the texts (when texts are in negative, the vertical bar will be in negative too: white text and white vertical bar on a colored background).

In these cases the vertical bar is used in poppins light and in the same pt. of the text.

The vertical bar can be found on the computer's keyboard above the "slash" button and it is activated pressing the shift key.

Examples

If partners' logos have to appear in the Costa layout they must have a separate space on the bottom of the layout.

The space has to be a white box and it must use the Costa Logo format on top to keep the logos separated.

If more space for external logos or content is needed, the white box can be bigger.

The Costa logo used as a partner in non-Costa communication can be used either in positive or negative, respecting its safe area.
